Kodak
i2600 and i2800 Scanners

Know what it feels like to get ahead

Energize your information for a competitive edge.

Today's business runs on information. But when that information is on paper, it can slow you down. Get things flowing faster with **Kodak** i2600 and i2800 Scanners. They let you extract critical information from documents at the point of entry, for quick distribution to decision-makers who need it. So money to be gained isn't left waiting for choices to be made.

No matter what size your business or department is, the reliable performance of **Kodak** i2600 and i2800 Scanners can enable collaboration right from your desktop. They decrease processing time for information that needs to be shared for review, reference, approval, and legal and compliance reasons. This helps increase both internal and external customer satisfaction, and saves your company time and money. Plus, if your business has branch offices or field agents, distributed capture allows document images to be immediately sent to a central location for easy access.

Help your company get ahead with a scanning solution that can bring you increased security, faster internal processes, better teamwork, and a host of other business benefits. The **Kodak** i2600 and i2800 Scanners.

For those who demand more.

More imaging power — Dual LED illumination means faster first scans, plus great image clarity, consistency, and color stability.

More performance — With speeds up to 70 pages per minute, you get plenty of production in a small package.

More flexibility — No matter what document you're scanning, our exceptional paper handling gets the job done. Small or large, thick or thin, ID cards, even embossed hard cards — the versatile, self-storing output tray easily adjusts.

More options — **Kodak** Legal Size and A3 Size Flatbed Accessories make it simple to scan oversized, bound, or fragile materials.

More automation — Smart Touch functionality performs multiple-step scanning operations at the press of a button.

More reassurance — Three-year limited warranty* with next-business-day replacement from Kodak's Service & Support team keeps you free from worry.

Remotely manage — Available **Kodak** Asset Management Software allows for remote management of select **Kodak** Scanners on your network (for more information visit kodakalaris.com/go/AssetManagement).
